“Using the FSC label will allow our clients to demonstrate their commitment to responsible forest management and environmentally sound business practices”, said Albert Rodriguez, president and CEO of ImageMaster, Inc.

FSC is a non-profit, non-governmental, independent organization established to promote the responsible management of the world's forests. FSC's high standards prohibit the use of hazardous chemicals and ensures that forestry is practiced in an environmentally responsible, socially beneficial and economically viable way. Care is taken to make certain that values such as biodiversity, sensitive aquatic habitats, unique species and plant and animal communities are all protected. Information about FSC can be obtained by visiting <http://www.fsc.org>.
